

Copper Creek HOA

Final Color Selection – Community Review

We're nearing the final step—please review the color scheme options and submit your preference for the upcoming community repaint.

How to Participate

You may review the color palettes (Scroll Down) in this document and submit your preference directly from the Association website using the link below: Full color boards with actual paint chip colors are also available for viewing for more accurate color representation at the pool Cabana area.

👉 [Click Here to Submit Your Preference](#)- (One response per household- per property address)

Reviewing the Color Options

Please review the color palette options displayed.
Each palette includes coordinated colors for:

 Body – Primary Color	 Body 2 – Secondary Color (End Units)	 Trim	 Accent Areas
---	--	---	--

Please Note:

You are selecting a **preferred community-wide color scheme**, not an individual home color.

Homes will be painted using coordinated colors throughout the community to maintain a cohesive and attractive appearance.

Final placement of colors will be professionally coordinated to ensure balance across each building and street.

! IMPORTANT COLOR NOTICE

Please use the **actual paint color chips** displayed on the boards **at the Cabana** as the **most accurate representation** of the proposed colors.

Printed images are provided for general visualization only and may not match the paint chips exactly.

Variations may occur due to printing limitations, lighting conditions, screen/display settings, and individual color perception.

Colors shown are a close representation but may vary slightly due to printing limitations and lighting conditions. We strongly encourage reviewing the actual color samples displayed at the Cabana.

While community input is an important part of the process, the Board and Color Committee may make minor refinements to the final color selections to ensure the best overall appearance throughout the community.

The final color selection will be made by the Board at a duly noticed meeting in accordance with the Association's governing documents.

Survey closes on: 6/15/2026

Body and Body 2 Example
Color Schemes on the Next Page — Review All Options Before Selecting

Body – Primary (Main Units)
Body 2 – Secondary (End Units)

End units may feature the secondary (Body 2) color to create visual variety and balance across each building.

Copper Creek Community Painting Project Updates

Our email communication system will keep you informed every step of the way!

⚠️ This will be the **PRIMARY way the HOA shares project updates and scheduling information.**

YOU'LL RECEIVE:

- ✓ Painting schedules for your building 
- ✓ Advance notice of when your unit will be painted 
- ✓ Preparation instructions (what you need to do) 
- ✓ Project progress updates 
- ✓ Important community announcements 

HOMEOWNERS & RENTERS WELCOME!

WHY SIGN UP?

-  Takes less than a minute
-  Know exactly when your building is scheduled
-  No relying on Facebook or word-of-mouth
-  Avoid missing important notices
-  Stay informed in real time
